- Develop and deliver **individualised therapy plans** tailored to each child.
- Collaborate with families, teachers, and other professionals to provide holistic care.
- Provide interventions that promote **school readiness, fine and gross motor skills, sensory processing, and social participation**.

Qualifications & Requirements

- Degree in Occupational Therapy and **current AHPRA registration**.
- Experience working with **neurodiverse children** (e.g., autism, ADHD, developmental delays).
- Familiarity with the **NDIS** and report writing for funding purposes.
- Experience with assessment tools such as the **DCDQ, Sensory Profile, PEDI-CAT and Beery VMI** is highly regarded.

Schedule:

- Fridays and Saturdays (2 days a week)
- Expected weekly hours: From 10 – 15 per week

Role Details

- **Type:** Subcontractor (clinic-based)
- **Hourly Rate:** Starting at \$100/hour
